

Credit / No Credit

Spring 2020 Undergraduate Grading Policy

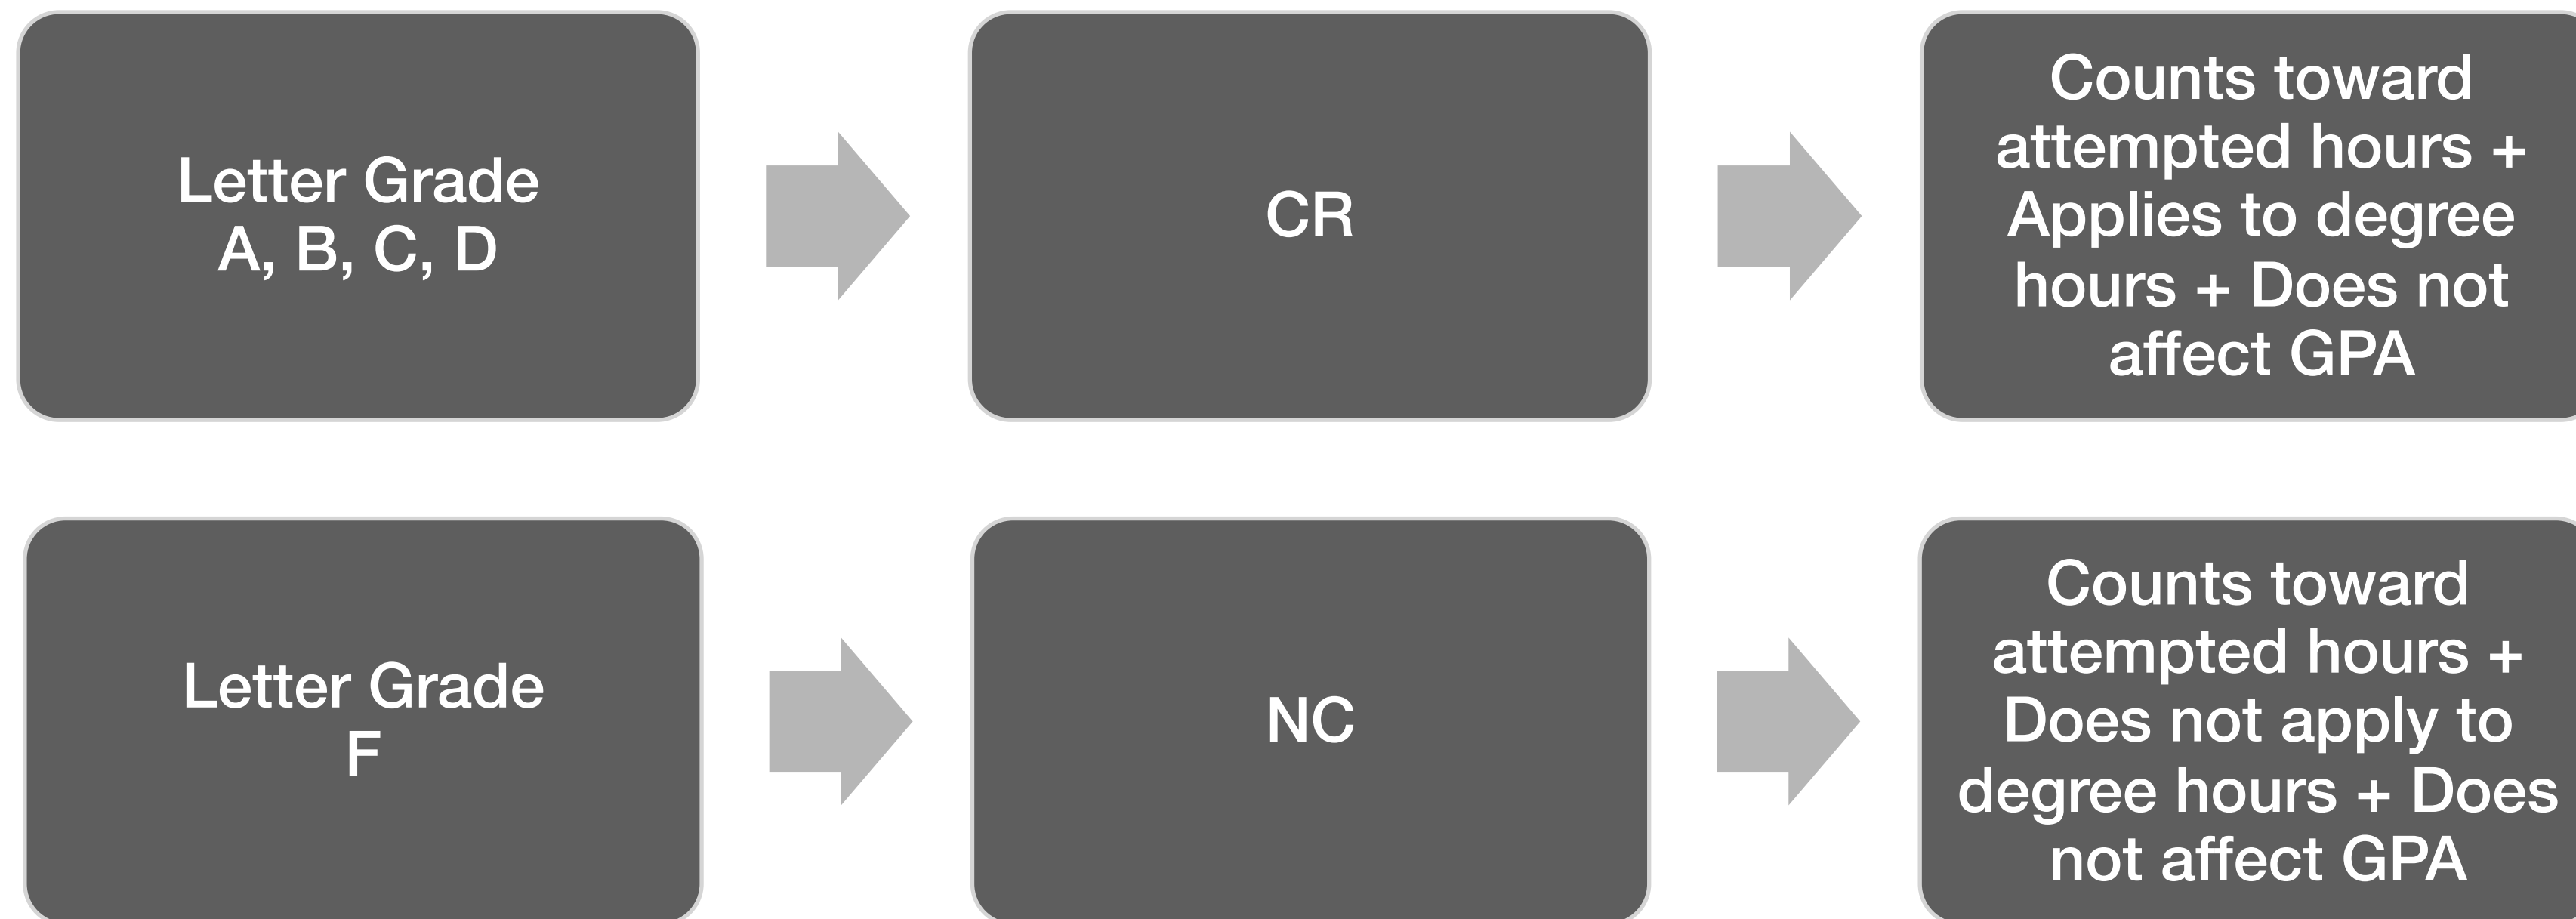

**COLLEGE OF
ARCHITECTURE
DESIGN
AND THE ARTS**

What is Credit / No Credit

- An option for you to change how your grades are reported in a class
 - You are still responsible to complete the course and you are still graded.
 - The instructor does not know that you are taking the course as credit/no credit.
 - When grades are submitted by the instructor the system converts traditional letters grades to CR or NC.
- Spring 2020 only, a CR/NC course will count towards your degree hours whether it is a major course, general education course or elective.

Critical things to keep in mind

- **Deadline: Wednesday, April 29, 2020, 11:59 pm.**
- Once the Credit / No Credit election is made, it cannot be reversed; and, a course taken as Credit / No Credit will not be calculated into GPA.
- Finally, for every course a student is enrolled in, and regardless of whether a student elects to take the course as Credit/No Credit once grades are posted the university will change every grade of D to CR and every grade of F for NC.

Courses with Prerequisites

Courses that require a particular grade in a previous course, in order for that previous course to serve as a prerequisite the university will allow the CR grade to fulfill that requirement if that previous course was taken during the Spring 2020 semester.

However, students should be aware that it is not the grade, but what is learned in prerequisite courses that is necessary for success in a subsequent course.
